

PENNOVATION CENTER

Powered by  BENJAMIN'S DESK

Where Ideas Go To Work

Calling All Biotech Entrepreneurs!

The Pennovation Center has multiple shared labs and minimally-customizable private spaces available for members. The Center leases lab benches, six-person labs, offices, and desks to small companies. **Lab bench membership** includes access to **shared facilities and lab equipment, instruments, amenities, and services at no additional charge.** The inclusive membership makes the Pennovation Center a cost-effective choice for small businesses trying to minimize capital expenses.

“The Pennovation Center is our home for office and lab, and brings us in constant contact with other entrepreneurs, as well as our friends at PCI who continue to help us grow and provide an innovative, vibrant, energetic, and exciting space. At the Pennovation Center, you never know who you’re going to meet next.”

-Wade Rogers, Ph.D., Chief Scientific Officer, CytoVas LLC

Laboratory Member Benefits & Services

Space

- Coworking space with 200 dedicated desks
- Furnished lockable offices, cubicles, and desks
- On-site cafe operated by Heathland plus community kitchen and break room
- Conference and meeting rooms
- Beautiful skyline views, located alongside Schuylkill Banks

Access

- 24/7 access
- On-site parking
- Uniquely located along I-76, just minutes from the Philadelphia International Airport, Amtrak, and public transit
- Access to key scientific instruments
- Established safety program

Flexibility

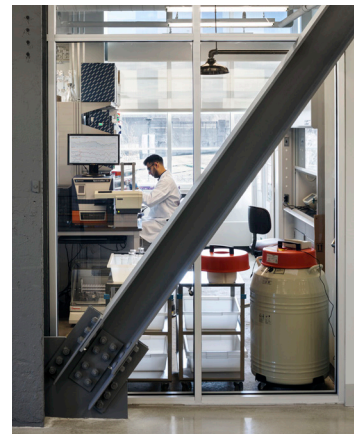

- Flexible space and simple membership agreements create a low barrier to entry for young companies
- Expand as you grow from a single lab bench to a six-person lab. In the future, larger lab space will also be available at Pennovation Works

Community

- Innovative entrepreneurial programming tailored for members, researchers, and startups featuring Penn faculty, local partners, and industry experts
- Vibrant scientific entrepreneur ecosystem, including:
 - BioBots, CytoVas, and Limelight Bio
- Investors & entrepreneur networking events, Red & Blue Ventures on-site

Services, powered by Benjamin’s Desk

- Lab coordinator on-site
- Basic wet and dry lab services including glass wash and autoclaving
- Multimedia technology support, Internet, and phone access
- Mail service, FedEx, UPS, and USPS deliveries
